

I am a current subscriber to XM Radio. I personally enjoy greatly from listening to XM Satellite Radio and its traffic and weather channels. My satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear that I pay for. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
